

MODULO[®] WITH END STIRRUP

The Power Climber *MODULO*[®] is a high quality modular platform, made from durable materials.

The *MODULO*[®] platform consists of: side-frames, guard rails, decks, U-frames, end-stirrups, wall rollers, castor wheels and safefix pins.

- Max. length up to 12m
- Standard Modules of 0.5m, 1m, 2m and 3m for a high degree of flexibility for platform configuration
- Light weight aluminium decks, side frames and guard rails
- Robust steel hot-dip galvanised U-frames and stirrups
- End stirrup mounted hoists (Walk-through stirrup optional)
- Quick and hassle free assembly with new, one step 'insert and snap' SafeFix pins
- Designed for both the Astro and Titan hoists as well as other hoists
- European Standard EN1808 certification for all standard configurations

Optional *MODULO*[®] configurations:

- Adjustable corner sections
- Double-deck platforms
- 'Boiler' type platform to fit through man-holes
- Custom designed configurations

Product conform to CE regulations.
